If both numbers and words are requested for any Bid item, the amount in words shall prevail if there is an inconsistency between the numbers and words written.
- c. Bidders shall note receipt of Addenda on the Bid Form.   - vi. Make sure that the appropriate bid package and scope of work is inserted in the correct space on the Bid Guaranty and Contract Performance and Payment Bond Form. Failure to include work covered by the bid submitted may make the bid non-responsive.

- b. It is the purpose and intent of the Contract Documents that a complete job be accomplished. It shall be each Bidder's responsibility to include costs necessary to provide labor and materials for that portion of the Work bid upon, including incidentals, whether or not specifically called for in the Specifications and Drawings.

## 10. CLARIFICATION OF BIDDERS' QUESTIONS, AND REQUESTS FOR INTERPRETATION

- a. All questions and any request for an interpretation related to this Project shall be in writing addressed to Alicia Preston, by email: NewtonTwpBids@gmail.com, or by mail: 2551 Mount Vernon Road, Newark, OH 43055, and to be given consideration must be received at least five (5) days prior to the bid submission deadline.
- b. No responses to questions or official interpretation of the meaning of the plans, specifications or other bid documents will be made to any bidder orally.
- c. Any and all such interpretations and any supplemental instructions will be in the form of written addenda to the specifications which, if issued, will be made by electronic mail or certified mail with return receipt requested to all prospective bidders at the respective addresses furnished for such purposes, not later than three (3) days prior to the date fixed for bid submissions. All addenda so issued shall become part of the contract documents.
- d. Failure of any bidder to receive any such addendum or interpretation shall not relieve such bidder from any obligation under his/her bid as submitted.
- e. Each Bidder is responsible for calling to the attention of the Owner any ambiguities, inconsistencies, errors, or omissions which occur in the Contract Documents for its part of the Work. If the Bidder fails to request clarification or interpretation, the Bidder will be expected to overcome such conditions without additions to the bid amount.
- f. Bidders are instructed to request interpretations and the issuance of addenda if the Contract Documents call for materials, equipment, or methods that adversely affect the cost or quality of the Project or are unavailable.

## 11. METHOD OF AWARD

- a. All Bids shall remain open for acceptance for sixty (60) days following the day of the Bid opening, but the Owner may, in its sole discretion, release any Bid and return the Bid Guaranty prior to that date. The Bid Guaranty shall be subject to forfeiture, as provided in the Ohio Revised Code, if a Bid is withdrawn during the period the bids are being held.
- b. The Owner reserves the right to reject any, part of any or all Bids and to waive any informalities and irregularities. The Bidder expressly acknowledges this right of the Owner to reject any or all Bids, or to reject any incomplete or irregular Bid. Bidders must furnish all information requested on or accompanying the Bid Form. Failure to do so may result in disqualification of the Bid.
- c. Determination of Lowest Responsible Bid. Subject to the right of the Owner to reject any or all bids, the Owner will Award the Contract for the Work to the Bidder submitting the lowest responsible bid, taking into consideration accepted alternates. The Owner, in its sole discretion, will determine whether a bid or bidder is responsible. In evaluating Bids, the Owner shall consider the qualifications of the bidders, whether or not the bids comply with the prescribed requirements, and alternatives and unit prices, if requested, in the Bid Form. The Owner may also consider the qualifications and experience of suppliers and distributors. The Owner may conduct such investigations as are deemed necessary to establish the responsibility, qualifications and financial ability of the Bidders, proposed distributors and other persons and organizations to do the work in accordance with the Contract Documents to the Owner's satisfaction within the prescribed time. The Owner reserves the right to reject the bid of any Bidder that does not pass any such evaluation to the Owner's satisfaction. The factors to be considered by the Owner in making its determination as to whether a Bidder is a responsible bidder include the following as the Owner, in its discretion, deems appropriate; the Owner may give such weight to each factor as it deems appropriate:
  - i. The Bidder's Work History. The Bidder should have a record of consistent customer satisfaction and of consistent completion of projects, including projects, which are comparable to or larger and more complex than the Owner's Project, on time and in accordance with the applicable Contract

Documents. If the Bidder's management operates or has operated another construction company, the Owner may consider the work history of that company in determining responsibility of the Bidder.

The Owner will consider the Bidder's prior experience on other projects of the Owner including the Bidder's demonstrated ability to complete its work on these projects in accordance with the Contract Documents and on time, and its ability to work with the Owner.

The Bidder authorizes the Owner and its representatives to contact the owners and design professionals (and construction managers, if applicable) on projects on which the Bidder has worked, and authorizes and requests such owners and design professionals (and construction managers) to provide the Owner with a candid evaluation of the bidder's performance. By submitting its Bid, the Bidder agrees that if it or any person, directly or indirectly, brings an action against any of such owners or design professionals (or construction managers) or the employees of any of them as a result of or related to such candidate evaluation and such action is not successful, the Bidder will reimburse such owners, design professionals and construction managers, and the employees of each of them, for all legal fees and expenses incurred by them related to such legal action. This obligation is expressly intended for the benefit of such owners, design professionals, and construction managers, and the employees of each of them.

- ii. The Bidder's financial ability to complete the Contract successfully and on time, without resort to its Surety.
  - iii. The Bidder's prior experience with similar work on comparable or more complex projects;
  - iv. The Bidder's equipment and facilities;
  - v. The adequacy, in numbers and experience, of the Bidder's work force to complete the Contract successfully and on time;
  - vi. The Bidder's compliance with federal, state, and local laws, and regulations, including but not limited to the Occupational Safety and Health Act;
  - vii. The ability of the Subcontractors the Bidder intends to use on the Project to meet all criteria in this Section;
  - viii. The Bidder's participation in a drug-free workplace program acceptable to the Owner, and the Bidder's record for both resolved and unresolved findings for recovery as defined in Ohio Revised Code Section 9.24; and/or,
  - ix. Depending upon the type of the Work, other essential factors, as the Owner may determine.
- d. The apparent low bidder will provide the Owner with such additional information as the Owner may request regarding the Bidder's responsibility. Additionally, upon request from the Owner, any other Bidder will provide the Owner with such additional information as the Owner may request regarding the Bidder's responsibility. A Bidder will submit any requested information within three (3) business days of the date of the request.
- e. The failure to submit requested information on a timely basis may result in the determination that the Bidder is not responsible.
- f. By submitting its Bid, the Bidder agrees that the Owner's determination of responsibility shall be final and conclusive, and that if the Bidder or any person challenges such determination in any legal proceeding and such challenge is not successful, the Bidder will reimburse the Owner for all legal fees and expenses incurred by the Owner that are related to such challenge, including the cost of collection.
- g. Within three (3) business days of the Owner's receipt of the Bids or such longer time as may be permitted in writing by the Owner, the apparent low bidder will submit the following information:
- i. A list of all proposed Subcontractors, suppliers, and manufacturers, including the contract amount for each proposed Subcontractor, supplier, and manufacturer that will provide either labor, material or a combination of labor and material for the project; and,
  - ii. Experience qualification statements for all proposed Subcontractors, suppliers, and manufacturers that will provide either labor, material or a combination of labor and material for the project.

After approval by the Owner of the list of proposed Subcontractors, suppliers, and manufacturers submitted by the successful Bidder, the list shall not be changed unless written approval of the change is authorized by the Owner.

- h. Affidavit as to Property Taxes. The successful Bidder will be required to submit, prior to the time of the entry into the Contract for the Work, an affidavit in the form required by Section 5719.042, Ohio Revised Code, regarding the status of the Bidder's personal property taxes. A copy of the form of affidavit is included in the Contract Documents.
- i. No Bidder may withdraw its Bid within sixty (60) days after the date the Bids are opened.

- j. The Owner reserves the right to disqualify Bids, before or after opening, upon evidence of collusion with intent to defraud or other illegal practices on the part of the Bidder.

## 12. SUBSTITUTIONS/NON-SPECIFIED PRODUCTS

No substitutions will be considered or accepted prior to receipt of the Bids. Upon execution of the Agreement, substitutions will only be made in accordance with the provisions of the Owner-Contractor Agreement.

## 13. ALTERNATES

- a. The Owner may request Bids on Alternates. If the Owner requests Bids on Alternates, the Bidder should include the cost of the Alternates requested on its Bid Form.
- b. At the time of awarding the Contract, the Owner will select or reject Alternates as it determines is in its best interest. A Bidder's failure to include in its Bid Form the cost of an Alternate selected by the Owner and applicable to the Bidder's work may render the bid non-responsive and be grounds for the rejection of the Bid. Otherwise, the failure to include the cost of an Alternate will not be deemed material. If a Bidder fails to include a cost of an alternate in its Bid Form, the bidders bid amount for that alternate will be \$0.00.
- c. The Bidder acknowledges that although there is an estimate for the cost of the Project, the market conditions may and frequently do result in the estimate being different from the sum of the Bids received, either higher or lower. The Bidder understands that the Owner may include Alternates, which may include deduct Alternates as well as add Alternates, to give it the flexibility in building the Project with the funds that are available. The Bidder further understands and acknowledges that use of add and deduct Alternates is a long held customary practice in the construction industry in the State of Ohio. The Bidder also acknowledges that the Owner will not make a decision about the Alternates on which to base the award of contracts until the bids are received, and the Owner can compare its available funds with the Base Bids and the cost or savings from selecting different Alternates. The Bidder understands that the award to the lowest responsible Bidder will be based on the lowest Base Bid plus selected Alternates, and may result in an award to a Bidder other than the Bidder that submitted the lowest Base Bid.
- d. If, during the progress of the Work, the Owner desires to reinstate any alternate not included in the contract, the Owner reserves the right to reinstate the alternate at the price bid by the contractor provided that such action is taken in sufficient time so as not to delay the progress of the work or cause the contractor additional expense.

## 14. UNIT PRICES

Where unit prices are requested in the Bid Form for a Prime Contract on which the Bidder submits a Bid, the Bidder shall quote a unit price. Unless otherwise expressly provided in the Contract Documents, such unit prices shall include all labor, materials and services necessary for the timely and proper installation of the item for which the unit prices are requested. The unit prices quoted in the Bid shall be the basis for any Change Orders entered into under the Owner-Contractor Agreement, unless the Owner determines that the use of such unit prices will cause substantial inequity.

## 15. ADDENDA

- a. The Owner reserves the right to issue Addenda changing, altering, or supplementing Contract Documents prior to the time set for receiving bids. The Owner will issue the Addenda to clarify Bidders' questions, to change, alter, or supplement the Contract Documents.
- b. Any explanation, interpretation, correction or modification of the Contract Documents will be issued in writing in the form of an Addendum, which shall be the only means considered binding. Explanations or interpretations made by any other means shall **NOT** be legally binding. All Addenda shall become a part of the Contract Documents.
- c. Bidders must submit questions to the Owner in sufficient time in advance of the Bid opening to allow the Owner to respond. All Addenda will be issued, except as hereinafter provided, and mailed or otherwise issued to persons who have obtained Contract Documents for the Project, at least **seventy-two (72)** hours prior to the published time for the opening of bids, excluding Saturdays, Sundays and legal holidays. If any Addendum is issued within such **seventy-two (72)** hour period, then the time for opening of Bids shall be extended one (1) week with no further advertising of bids required.
- d. Copies of each Addendum will be sent only to the Contractors to whom Contract Documents have been issued. Receipt of Addenda shall be indicated by Bidders in the space provided on the Bid Form. Bidders are responsible for acquiring issued Addenda in time to incorporate them into their Bid. Bidders should contact the Owner prior to the Bid opening to verify the number of Addenda issued.
- e. If a Bidder fails to indicate receipt of all Addenda issued by the Owner on its Bid Form, the Bid of such

Bidder will be deemed to be responsive only if:

- i. The Bid received clearly indicates that the Bidder received the Addendum, such as where the Addendum added another item to be bid upon and the Bidder submitted a bid on that item; or,
- ii. The Addendum involves only a matter of form or is one that has either no effect or merely a trivial or negligible effect on price, quantity, quality, or delivery of the item bid upon.

## 16. INTERPRETATION

- a. If a Contractor contemplating submitting a Bid for the proposed project is in doubt as to the true meaning of any part of the Specifications or Contract Documents, it may submit a written request for an interpretation thereof to the Owner in accordance with Section 10 of these Instructions to Bidders. Any interpretation of the Contract Documents will be made by Addendum only, duly signed, and a copy of such Addendum will be mailed or delivered to each person receiving a set of Contract Documents. The Owner will not be responsible for any other explanation or interpretation of the proposed documents.
- b. In interpreting the Contract Documents, words describing materials that have a well-known technical or trade meaning, unless otherwise specifically defined in the Contract Documents, shall be construed in accordance with the well-known meaning recognized by the trade.
- c. Bidders are responsible for notifying the Owner in a timely manner of any ambiguities, inconsistencies, errors or omissions in the Contract Documents. The Bidder shall not, at any time after the execution of the Contract, be compensated for a claim alleging insufficient data, incomplete Contract Documents, or incorrectly assumed conditions regarding the nature or character of the Work, if no request for interpretation was made by the Bidder prior to the bid opening.

## 17. TAX STATUS

The Owner is a political subdivision of the State of Ohio and is exempt from taxation under the Ohio Sales Tax and Use Tax Laws. Building materials that the successful Bidder purchases for incorporation into the Project will be exempt from state sales and use taxes if the successful Bidder provides a properly completed sales tax exemption certificate, executed by the successful Bidder and the Owner, to the vendors or suppliers when the materials are acquired. The Owner will execute properly completed certificates on request.

## 18. DATE FOR COMPLETION/LIQUIDATED DAMAGES

- a. Milestone Completion. To the extent the Contract Documents include Milestone Completion Dates, each successful Bidder shall have its required Work completed by the respective Milestone Completion Date(s) (if any) set forth in the Contract Documents. The work required to be completed by the Milestone Completion Date(s) is defined in the Contract Documents. By submitting a Bid for the Work, the Bidder agrees that the periods for performing the Work are reasonable, and that the Bidder can complete the required Work by the applicable Milestone Completion Date(s).

If the successful Bidder does not have its Work on the Project completed by the Milestone Completion Date(s) (if any) for its portion of the Work as established in the Contract Documents, the Owner shall be entitled to retain or recover from the successful Bidder, as Liquidated Damages, and not as a penalty in compliance with Ohio Revised Code Section 153.19, the amounts set forth in the Contract Documents for each and every calendar day beyond the Milestone Completion Date(s) as extended in accordance with the Contract Documents. The Owner's right to recover Liquidated Damages shall not substitute for any right of recovery for additional costs incurred should the successful Bidder fail to complete the Contract according to the Contract Documents. Liquidated Damages are necessary in that it is impossible to precisely calculate the monetary loss to the Owner as the result of any delay in implementation

- b. Substantial Completion. Each successful Bidder shall have its work substantially completed by the respective Date for Substantial Completion set forth in the Contract Documents. The Project Time Schedule will be finalized after award of the contracts for the Work, as described in the Contract Documents, and is subject to review and acceptance by the Owner. The term Substantial Completion is defined in the Contract Documents. For purposes of the Contract Documents applicable to the Contractor, the term Substantial Completion shall refer to the date of completion for the Contractor's portion of the Work as established in the Project Time Schedule. By submitting a Bid for the Work, the Bidder agrees that the periods for performing the Work are reasonable, and that the Bidder's Work can be substantially complete by its applicable date for Substantial Completion.

If the successful Bidder does not have its Work on the Project completed by the Date for Substantial Completion for its portion of the Work as established in the Contract Documents, the Owner shall be entitled to retain or recover from the successful Bidder, as Liquidated Damages, and not as a penalty in

compliance with Ohio Revised Code Section 153.19, the amounts set forth in the Contract Documents for each and every calendar day beyond the date of Substantial Completion as extended in accordance with the Contract Documents. The Owner's right to recover Liquidated Damages shall not substitute for any right of recovery for additional costs incurred should the successful Bidder fail to complete the Contract according to the Contract Documents. Liquidated Damages are necessary in that it is impossible to precisely calculate the monetary loss to the Owner as the result of any delay in implementation.

- c. Final Completion. Each successful Bidder shall have its work fully completed by the Dates for Final Completion set forth in the Contract Documents. By submitting a Bid for the Work, the Bidder agrees that the periods for performing the Work are reasonable, and that the Bidder's Work can be fully completed by the date for Final Completion.

If the successful Bidder does not have its Work on the Project completed by the Date for Final Completion for its portion of the Work as established in the Contract Documents, the Owner shall be entitled to retain or recover from the successful Bidder, as Liquidated Damages, and not as a penalty in compliance with Ohio Revised Code Section 153.19, the amounts set forth in the Contract Documents for each and every calendar day beyond the date of Final Completion as extended in accordance with the Contract Documents. The Owner's right to recover Liquidated Damages shall not substitute for any right of recovery for additional costs incurred should the successful Bidder fail to complete the Contract according to the Contract Documents. Liquidated Damages are necessary in that it is impossible to precisely calculate the monetary loss to the Owner as the result of any delay in implementation.

- d. The Bidder acknowledges by submitting its Bid and entering into a contract with the Owner that such amounts of Liquidated Damages represent a reasonable estimate of the actual damages that the Owner would incur if the work were not completed by the foregoing dates. These Liquidated Damages are damages for loss of use of the Project, and the successful Bidder in addition to the Liquidated Damages will be obligated to indemnify and hold the Owner harmless from any claims, and if the Work on the Project is accelerated because of delay, for all costs related to the acceleration of the Work, as provided in the Contract Documents.

## 19. PREVAILING WAGE

This contract is subject to Ohio Prevailing Wage Laws, Ohio Rev. Code Chapter 4115 and the Prime Contractor and all subcontractors shall comply with all provisions contained therein or as otherwise provided by this note. The Prime Contractor guarantees that the prevailing wage scale to be paid to all laborers and mechanics employed on this contract shall be in accordance with the schedule of the prevailing hourly wage and fringe benefits as determined by the Ohio Department of Commerce for the county in which the work is being performed. The failure to pay prevailing wages to all laborers and mechanics employed on this project shall be considered a breach of contract. Such a failure may result in the revocation of the Prime Contractor's and/or subcontractor's certificate of qualification and debarment. A schedule of the most current prevailing wage rates may be accessed by registering with the Ohio Department of Commerce, Labor and Worker Safety Division, Wage and Hour Bureau at the following web address: <https://wagehour.com.ohio.gov/w3/webwh.nsf/wrlogin/?openform>.

***The Prime Contractor and all subcontractors shall compensate the employees on this contract at a pay rate not less than the hourly wage and fringe rate listed on the website noted above, for the applicable job classification or as may be modified by the Ohio Department of Commerce, Division of Labor and Worker Safety Wage and Hour Bureau, when new prevailing rates are established.***

Overtime shall be paid at one and one-half times the basic hourly rate for any hours worked beyond forty hours during a pay week. The Prime Contractor and all subcontractors shall pay all compensation by company check to the worker and fringe benefit program.

The wage and fringe rates determined for this project or as may be later modified, shall be posted by the Prime Contractor in a prominent and accessible place on the project, field office, or equipment yard where they can be easily read by the workers or otherwise made available to the workers. On the first pay date of contract work the Prime Contractor and all subcontractors shall furnish each employee covered by prevailing wage a completed form (WHPW-1512) in accordance with Ohio Rev. Code § 4115.05, showing the classification, hourly pay rate, and fringes, and identifying the public authority's Prevailing Wage Coordinator, if such employees are not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of labor. These forms shall be signed by the Prime Contractor or subcontractor and the employee and kept in the Prime Contractor's or subcontractor's payroll files.

The Prime Contractor shall submit to the Prevailing Wage Coordinator, certified payrolls for Prime Contractor and

all subcontractors on form WHPW-1512 or equivalent, in accordance with Ohio Rev. Code Sections 4115.07 and 4115.071(C), three weeks after the start of work and every subsequent week until the completion of the contract. Please be aware that it is ultimately the responsibility of the Prime Contractor to ensure that all laws relating to prevailing wages in Ohio Rev. Code Chapter 4115 are strictly adhered to by all subcontractors.

The Prime Contractor and all subcontractors shall make all its payroll records available for inspection, copying or transcription by any authorized representative of the contracting agency. Additionally, the Prime Contractor and all subcontractors shall permit such representatives to interview any employees during working hours while the employee is on the job.

## 20. OWNER'S RIGHT TO WAIVE DEFECTS AND IRREGULARITIES

- a. The Owner reserves the right to waive any and all irregularities provided that the defects and irregularities do not affect the amount of the Bid in any material respect or otherwise give the Bidder a competitive advantage.
- b. By submitting its Bid, the Bidder agrees that (i) the Owner's determination of whether a defect or irregularity affects the amount of the Bid in any material respect or otherwise gives the Bidder a competitive advantage will be final and conclusive; and (ii) the Bidder will pay the Owner's attorneys and consultants' fees related to any challenge to the bid procedure or process, brought directly or indirectly by the Bidder and/or any of its affiliates, which is unsuccessful.

## 21. EXECUTION OF THE CONTRACT

Within seven (7) calendar days of the Award of the Contract, or such other time designated by the Owner, the successful Bidder shall execute and deliver to the Owner the required number of the following documents:

- d. Contractor's Certification containing labor standards and prevailing wage requirements;
- e. Subcontractor Certification concerning labor standards and prevailing wage requirements;
- f. Contractor's Personal Property Tax Affidavit (R.C. 5719.042);
- g. Contractor's Finding for Recovery Affidavit; and,
- h. Any other documents identified in the Contract Documents for submission with the signed agreement.

The failure of the successful bidder to execute and deliver the required documents shall constitute a default that entitles the Owner to the Bidder's bid guaranty, as provided in the Ohio Revised Code.

## 22. MODIFICATION/WITHDRAWAL OF BIDS

- a. Modification. A Bidder may modify its Bid by written communication to the Owner addressed to the Owner, attention of the Fiscal Officer, at the Owner's address at any time prior to the scheduled closing time for receipt of Bids, provided such written communication is received by the Fiscal Officer prior to the Bid deadline. The written communication shall not reveal the Bid price, but should provide the addition or subtraction or other modification so that the final prices or terms will not be known until the sealed Bid is opened. If the Bidder's written instructions with the change in Bid reveal the Bid amount in any way prior to the Bid opening, the Bid may be rejected as non-responsive.
- b. Withdrawal Prior to Bid Deadline. A Bidder may withdraw its Bid at any time for any reason prior to the Bid deadline established in the Notice to Bidders. The request to withdraw shall be made in writing and submitted to the Owner, attention of the Fiscal Officer, at the Owner's address. The request for withdrawal must be received by the Fiscal Officer prior to the time of the Bid opening.
- c. Withdrawal After Bid Deadline.
  - i. All Bids shall remain valid and open for acceptance for a period of at least 60 days after the Bid opening; provided, however, that a Bidder may request withdrawal of its Bid from consideration after the Bid deadline when all of the following apply:
    1. the price of the Bid was substantially lower than the other Bids;

2. the reason for the Bid being substantially lower was a clerical mistake, rather than a mistake in judgment, and was due to an unintentional and substantial error in arithmetic or an unintentional omission of a substantial quantity of work, labor, or material;
  3. the Bid was submitted in good faith; and,
  4. the Bidder provides written notice to the Owner, to the attention of the Fiscal Officer, within two (2) business days after the Bid opening for which the right to withdraw is claimed.
- ii. No Bid may be withdrawn under this provision if the result would be the awarding of the contract on another Bid for the Bid Package from which the Bidder is withdrawing its Bid to the same Bidder.
  - iii. No Bidder who is permitted to withdraw a bid shall for compensation supply any material or labor to, or perform any subcontract or other work agreement for, the person to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted, without the approval of the Owner. The person to whom the contract was awarded and the withdrawing Bidder are jointly liable to the Owner in an amount equal to any compensation paid to or for the benefit of the withdrawing Bidder without such approval.
  - iv. If a Bid is withdrawn under this provision, the Owner may award the Contract to another Bidder determined by the Owner to be the lowest responsible Bidder or the Owner may reject all Bids and advertise for other Bids. In the event the Owner advertises for other Bids, the withdrawing Bidder shall pay the costs incurred in connection with the rebidding by the Owner, including the cost of printing new Contract Documents, required advertising, and printing and mailing notices to prospective bidders, if the Owner finds that such costs would not have been incurred but for such withdrawal.

## **"APPENDIX B" OF THE STATE EEO BID CONDITIONS**

### **SPECIFIC AFFIRMATIVE ACTION STEPS**

The following Affirmative Action steps are directed at increasing minority utilization:

- (1) The contractor should maintain a file of the names and addresses of each minority and female referred to it by any individual or organization and what action was taken with respect to each such referred individual, and if the individual was not employed by the contractor, and the reasons, therefore. If such an individual was sent to the union hiring hall for referral and not referred by the union or if referred back by the union or if referred, not employed by the contractor, the file should document this and the reason, therefore.

To Demonstrate Compliance: Maintain a file of the names, addresses, telephone numbers, and craft of each minority and female applicant showing (a) the date of contact and whether the person was hired; if not, the reason, (b) if the person was sent to a union for referral, and the results (c) follow-up contacts when the contractor was hiring.

- (2) The contractor should promptly notify the State Contracting Agency when the Union or Unions with which the contractor has collective bargaining agreements does not refer to the contractor a minority or female worker referred (to the union) by the contractor, or when the contractor has information that the union referral process has impeded efforts to meet its goals.

To Demonstrate Compliance: Have a copy of letters sent, or do not claim the union is impeding the contractors' efforts to comply.

- (3) The contractor should disseminate its Equal Employment Opportunity policy within its organization by including it in any company newsletters and annual reports; by advertising at reasonable intervals in union publications; by posting of the policy; by specific review of the policy with minority and female employees; and by conducting staff meetings to explain and discuss the policy.

To Demonstrate Compliance: Have a written EEO policy which includes the name and how to contact the contractor's EEO Officer and (a) include the policy in any company policy manuals, (b) post a copy of the Policy on all company bulletin boards (in the office and on all job sites), (c) records, such as reports or diaries, etc., that each minority and female employee is aware of the Policy and that it has been discussed with them, (d) that the policy has been discussed regularly at staff meetings, and (e) copies of newsletters and annual reports include the Policy.

- (4) The contractor should continually monitor all personnel activities to ensure that its EEO policy is being carried out, including the evaluation of minority and female employees for promotional opportunities on a quarterly basis and the encouragement of such employees to seek those opportunities.

To Demonstrate Compliance: Have records that the company EEO Officer reviews all: (a) monthly workforce reports, (b) hiring and terminations, (c) training provided on-the-job, (d) minority and female employees quarterly for promotion and encourages them to prepare for and seek promotion. The records should be the EEO Officer's job description, reports, memos, personnel files, etc., documenting the activities for possible discriminatory patterns.

- (5) The contractor should disseminate its EEO policy externally by informing and discussing it with all recruiting sources; by advertising it in news media, specifically including minority and female news media; and by notifying and discussing it with all subcontractors.

To Demonstrate Compliance: Have copies of (a) letters sent, at least six months or at the start of each new major contract, to all recruiting sources (including labor unions) requiring compliance with the Policy, (b) advertising, which has the EEO "tagline" on the bottom, and (c) purchase order and subcontract agreement forms will include or make reference to the State EEO Covenant, Appendix A or B of the Ohio Administrative Code 123:2-3-02.

- (6) The contractor should make specific and reasonably recurrent oral and written recruitment efforts directed at minority and women's organizations, and training organizations with the contractor's recruitment area.

To Demonstrate Compliance: Have a record either in a follow-up file for each organization or on the reverse of the notification letter sent under Item 1, above, of the dates, individuals contacted and the results of the contract from telephone calls or personal meetings with the individuals or groups notified under Item 1.

- (7) The contractor, where reasonable, should develop on-the-job training opportunities and participate and assist in all Department of Labor funded and/or approved training programs (including Apprenticeship) Programs relevant to the contractor's employee needs consistent with its obligations in the Bid Conditions.

To Demonstrate Compliance: Have records of contributions in cash, equipment supplied and/or contractor personnel provided as instructors for Bureau of Apprenticeship and Training approved or Department of Labor funded training programs and records of the hiring and training of minorities and females referred to Company by such programs.

- (8) The contractor should solicit bids for subcontracts (and joint ventures) from available minority and female subcontractors engaged in the trades covered by the Bid Conditions, including circulation of minority and female contractors associations.

To Demonstrate Compliance: Have copies of letters or other direct solicitation of bids for subcontracts/joint ventures from minority/female contractors with a record of the specific response and any follow-up the contractor has done to obtain a price quotation or to assist a minority/female contractor in preparing or reducing a price quotation; have a list of all minority/female subcontracts awarded or joint ventures participated in with dollar amounts, etc.

#### **EXPLANATION OF AN ACCEPTABLE AFFIRMATIVE ACTION PROGRAM:**

An Affirmative Action Program is a set of specific and result-oriented procedures to which a Contractor shall apply every good faith effort. The objective of those procedures and efforts is to ensure equal employment opportunity. An acceptable Affirmative Action Program will include an analysis of all trades employed by the Contractor within the last year with an explanation of whether Minorities are currently being under-utilized in any one or more trades. A prerequisite to the development of a satisfactory Affirmative Action Program is the identification and analysis of problem areas inherent in Minority employment and an evaluation of opportunities for utilization of Minority group personnel.

##### Part I - Basic Contents of an Affirmative Action Program:

1. Development or reaffirmation of the contractor's EEO policy in all personnel actions.
2. Formal internal and external dissemination of contractor's EEO policy.
3. Establishment of responsibilities for implementation of the contractor's affirmative action program.
4. Identification of problem areas (deficiencies) by organizational units and job classification.
5. Establishment of goals and objectives by organizational units and job classification, including timetables for completion.
6. Development and execution of action-oriented programs designed to eliminate problems and further designed to attain established goals and objectives.
7. Design and implementation of internal audit and reporting systems to measure effectiveness of the total programs.

8. Compliance of personnel policies and practices with Federal sex discrimination guidelines (41 CFR Part 6020).
9. Active support of local and national community action programs and community service programs, designed to improve the employment opportunities of minorities.
10. Consideration of ethnic minorities and women not currently in the work force having requisite skills who can be recruited through affirmative action measures.
11. Summary data on applicant flow, hires, terminations and promotions, and training for the last twelve months or the last one hundred applicants, hires, etc., whichever is less.

#### Part II - Analysis of Individual Trades

1. The minority population of the labor area surrounding (contractor's) projects.
2. The size of the minority unemployment force in the labor area surrounding (the contractor's) projects.
3. The percentage of minority work force as compared with the total work force in the immediate labor area.
4. The general availability of minorities having requisite skills in the immediate labor area.
5. The availability of minorities having requisite skills in the area in which the contractor can reasonably recruit.
6. The availability of promotable minority employees within the contractor's organization.
7. The anticipated expansion, contraction, and turnover of an in the workforce.
8. The existence of training institutions capable of training minorities in the requisite skills.
9. The degree of training which the contractor is reasonably able to undertake as a means of making all job classes available to minorities.

Goals, timetables, and affirmative action commitments must be designed to correct any identifiable deficiencies. Where deficiencies exist and where numbers or percentages are relevant in developing corrective action, the contractor shall establish and set forth specific goals and timetables. Such goals and timetables, with supporting data and the analysis thereof shall be a part of the contractor's written affirmative action program. Where the contractor has not established a goal, its written affirmative action program must specifically analyze each of the factors listed above and must detail its reason for a lack of a goal. The goals and timetables should be attainable in terms of the contractor's analysis of its deficiencies and its entire action. Thus, in establishing its goals and timetables, the contractor should consider the results which could be reasonably expected from its good faith efforts to make its overall affirmative action program work. If the contractor does not meet its goals and timetables, the contractor's good faith efforts shall be judged as to whether the contractor is following its program and attempting to make the program work toward the attainment of its goals.

Support data for the above analysis and program shall be compiled and maintained as part of the contractor's affirmative action program. This data should include applicant flow data and applicant rejection ratios indicating minority status.

Compliance Status: No State Contractor's compliance status shall be judged alone by whether he reaches his goals and meets his timetables. Rather each Contractor's compliance posture shall be reviewed and determined by reviewing the contents of his program, the extent of his adherence to his program and his good faith efforts to make his program work toward the realization of the program's goals within the timetables set for completion.

**“APPENDIX C” OF THE STATE EEO BID CONDITIONS**

- (B) As required by the governor’s “Executive Order 84-9”, the utilization of women shall be, at a minimum, that currently in use by the federal government as of February 15, 1984. This requirement stated at C.F.R. part 60-4 is 6.9 percent utilization of women. This requirement shall remain at 6.9 percent unless further amended by the governor in a subsequent order. This requirement shall be met by a determination of work hours utilized in the same manner as minority utilization hours are calculated.

4. **PAYMENT.** As work on the project as specified in this contract is completed, Contractor shall promptly submit an

invoice to Alicia Preston, Fiscal Officer, at 2551 Mount Vernon Road, Newark, OH 43055. Invoices can also be emailed to: NewtonTownshipFO@gmail.com. The Township agrees to pay for the services provided in the contract, not to exceed the amount designated in the contract.

5. **PERFORMANCE AND PAYMENT BONDS.**

- A. **DELIVERY.** Simultaneously with his/her delivery of the executed contract, the contractor shall furnish a surety bond or bonds as security for faithful performance of this contract and for the payment of all persons performing labor on the project under this contract and furnishing materials in connection with the contract, as specified in the Contract Documents. A Payment Bond and Performance Bond are required. Attorneys-in-fact who sign bid bonds or contract bonds must file with each bond a certified and effectively dated copy of their Power of Attorney.
- B. **SURETY.** The surety on such bond or bonds shall be duly licensed or authorized in Newton Township, Licking County, Ohio to issue bonds for the limits and coverages so required, and must be satisfactory to the owner. All bonds shall be executed by such sureties as are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. All bonds signed by an agent must be accompanied by a certified copy of the agent's authority to act.
- i. **Bankruptcy.** If the surety on any bond furnished by Contractor is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of Section 5(B), Contractor shall promptly notify Owner and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the requirements of Section 5(B).
- C. **MATERIAL DEFAULT OR TERMINATION.** If the Owner notifies the Contractor's surety that the Contractor is in material default, the surety will complete its investigation of the claimed material default within 21 days. The surety is advised to start looking for a replacement contractor upon notice of material default. As part of its investigation, the surety shall promptly visit the offices of the Contractor, and Owner to inspect and copy the available Project records. The Owner, and Contractor, upon written request by the surety, shall make such records available during regular business hours for such inspection and copying. The Owner's making such records available as provided herein shall satisfy the Owner's obligation to the surety to furnish documents for the investigation. The surety will provide the Owner with the results of its investigation, including any written report or documents.

If the Owner terminates the Contract and the surety proposes to take over the Work, the surety shall do so no later than the later of the expiration of the 21-day investigation period or 10 days after the date the Owner terminates the Contract, whichever is later. If the Owner terminates the Contract, and the surety proposes to provide a replacement contractor, the replacement contractor shall be fully capable of performing the Work in accordance with the Contract Documents. If the Contractor is terminated for cause, the replacement contractor shall not be the Contractor or its employees, unless the Owner agrees in writing. In the event the Surety takes over the Project, the surety's obligation shall not be limited to the penal sum of the Bond.

If the surety does not propose an acceptable contractor as required by this Section 5(C), the Owner may complete the Work by such means, as it deems appropriate. In the event the Owner agrees to accept a replacement contractor, the replacement contractor shall furnish its own bond for the replacement contractor's scope of work, and neither the Contractor nor the surety shall be relieved of their obligations under the Contract Documents.

This Section 5(C) is in addition to any other rights of the Owner under the Contract Documents and is not intended to create any rights of the surety, including but not limited to the right to take over the Contractor's obligations.

In the event of the Contractor's termination and if the surety does not take over the Work as provided in this Section 5(C), the Owner may take possession of and use all materials, facilities and equipment at the Project Site or stored off-site for which Owner has paid in whole or in part.

Furthermore, the Prime Contractor must notify the local contracting authority, in writing, if its or any of its subcontractor's workers' compensation policies are canceled, terminated or lapse.

- C. **CONTRACTOR'S LIABILITY INSURANCE.**
- i. Contractor shall purchase and maintain such liability and other insurance as is appropriate for the Work being performed and as will provide protection from claims set forth below which may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable:

In paying any unpaid bills of the Contractor, any payment so made by the Owner shall be considered as a payment made under the Contract Documents by the Owner to the Contractor and the Owner shall not be liable to the Contractor for any such payments in good faith.

The contractor shall hold the owner free and harmless from any and all injuries and damages resulting from performance of this contract by the contractor or by his/her Subcontractors.

  - i. all persons on the Site or who may be affected by the Work;
  - ii. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and,
  - iii. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.
- B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify owners of adjacent property and of Underground Facilities and other utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property.

- C. The Contractor shall comply with the safety standards provisions of applicable laws, building and construction codes and the "Manual of Accident Prevention in Construction" published by the Associated General Contractors of America, and requirements of the Occupational Safety and Health Act of 1980 (Public Law 91-596), and the requirements of Title 29 of the Code of Federal Regulations, Section 1518 as published in the "Federal Register," Volume 36, No. 75, Saturday, April 17, 1971. The Contractor shall also comply with Chapter 4101:9-2 of the Ohio Administrative Code prohibiting the Employment of Minors in Occupations Hazardous or Detrimental to their health.
- D. The Contractor shall maintain at his/her office or other well-known place at the job site, all articles necessary for giving first aid to the injured, and shall make standing arrangements for the immediate removal to a hospital or a doctor's care of persons (including employees) who may be injured at the job site. In no case shall employees be permitted to work at a job site before the employer has made a standing arrangement for removal of injured persons to a hospital or a doctor's care.
- E. Adequate lights, signs and barricades shall be used to maintain traffic and safety for vehicular and pedestrian traffic during the course of this contract.
- F. All damage, injury, or loss to any property referred to in Section 9(a)(ii) and (iii) caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or anyone employed by Owner for whose acts it may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

9. **PERMITS.** The contractor is responsible for obtaining and paying for all necessary permits and licenses from the proper authorities. The contractor shall give all notices and comply with all laws, ordinances, rules, and regulations bearing on the conduct of the work as drawn and specified. If the contractor observes that the Contract Documents are at variance therewith, he/she shall promptly notify the owner in writing.

10. **SUPERVISION AND SUPERINTENDENCE.**

- A. The Contractor will supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.
- B. The Contractor will employ and maintain on the work a qualified supervisor or superintendent who shall have been designated in writing by the contractor as the contractor's representative at the site. The Supervisor shall have full authority to act on behalf of the contractor and communications given to the supervisor shall be as binding as if given to the Contractor. The supervisor shall be present and on the site at all times as required to perform adequate supervision and coordination of the work.
- C. The Owner and its representatives will at all times have access to the work. In addition, authorized representatives and agents of any participating federal or state agency shall be permitted to inspect all work, materials, pay rolls, records of personnel, invoices of materials, and other relevant data and records. The contractor shall provide proper facilities for such access and observation of the work and also for any inspection or testing thereof.
- D. The Contractor shall submit a proposed Program of Operation and Progress Schedule, showing clearly how he/she proposes to conduct the work as to bring about the completion of his/her work within the time limit specified. This Program and Schedule shall outline the proposed sequence of operations, the rates of progress and the dates when his/her work will be sufficiently advanced to permit the installation of the work under other contracts, and the estimated progress payments due under the Contract Documents. The work under these Contract Documents shall be so scheduled that as structures are completed, they can be placed into useful operation with a minimum of delay. The Program and Schedule shall be subject to the approval of the Owner.

- i. **Notice of Delays.** The Contractor shall give the Owner verbal notice of any delay affecting its Work within two (2) business days of the commencement of the delay. In addition, the Contractor shall give the Owner written notice of the delay within ten (10) business days of the commencement of the delay with specific recommendations about how to minimize the effect of the delay. The written notice of the delay shall conspicuously state that it is a "**NOTICE OF DELAY.**" The failure to give either of the required notices will be an irrevocable waiver of the Contractor's right to seek an extension of time and/or compensation or damages for the delay. Any extensions of time will only be granted pursuant to the procedures set forth under Section 13. The Contractor acknowledges and agrees that timely notice of delays gives the Owner the opportunity to take action to minimize the cost and/or effect of delays.
  - ii. **Continuing the Work.** Contractor shall carry on the Work and adhere to the Program of Operation and Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, except as Owner and Contractor may otherwise agree in writing.
- E. All construction as proposed along all City, Township, County, State and Federal roads including storage and stockpiling of materials, is to be conducted within the limits of the public right-of-way. Bracing, sheeting and shoring shall be used to keep all construction work within the construction limits unless work agreements are secured from the adjacent property owners. It is the Contractor's responsibility to secure these work agreements, if deemed necessary. Copies of the work agreements shall be delivered to the Licking County Engineer and the Owner prior to any work beginning on the affected property.

## 11. **SUBCONTRACTING.**

- A. The Contractor shall not sublet, sell, transfer or assign any portion of the contract without written consent of the owner or his/her designated agent. When such consent is given, the Contractor will be permitted to sublet a portion thereof, but shall perform with his/her own organization, work amounting to no less than 50% of the total contract cost. No subcontract or transfer of contract shall in any way release the Contractor of his/her liability under the contract and bonds. Where Owner after due investigations has reasonable objections to any proposed Subcontractor, Supplier, or other entity, it may request Contractor to submit an acceptable substitute with an increase in the Contract Price.
- B. The Contractor shall not award work to subcontractor(s) without prior written approval of the Owner. The Contractor shall be fully responsible to the Owner for the acts or omissions of the subcontractor(s), and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.
- C. If the Contract Documents require the identity of certain Subcontractors, Suppliers, or other individuals or entities to be submitted to Owner in advance for acceptance by Owner by a specified date prior to the Effective Date of the Agreement, and if Contractor has submitted a list thereof in accordance with the Contract Documents, Owner's acceptance (either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in the Bidding Documents or the Contract Documents) of any such Subcontractor, Supplier, or other individual or entity so identified may be revoked on the basis of reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity, and the Contract Price will be adjusted by the difference in the cost occasioned by such replacement, and an appropriate Change Order will be issued. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of any right of Owner to reject defective Work.
- D. Contractor shall be fully responsible to Owner for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions. Nothing in the Contract Documents:
  - i. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner and any such Subcontractor, Supplier or other individual or entity, nor

- ii. shall create any obligation on the part of Owner to pay or to see to the payment of any moneys due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.
- E. Contractor shall be solely responsible for scheduling and coordinating the Work of Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work under a direct or indirect contract with Contractor.
- F. Contractor shall require all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work to communicate with Owner through Contractor.

All Work performed for Contractor by a Subcontractor or Supplier will be pursuant to an appropriate agreement between Contractor and the Subcontractor or Supplier which specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner. Whenever any such agreement is with a Subcontractor or Supplier who is listed as an additional insured on the property insurance provided in Section 6, the agreement between the Contractor and the Subcontractor or Supplier will contain provisions whereby the Subcontractor or Supplier waives all rights against Owner, Contractor, and all other individuals or entities identified in the Contract Documents to be listed as insured's or additional insured's (and the officers, directors, partners, employees, agents, consultants and subcontractors of each and any of them) for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work. If the insurers on any such policies require separate waiver forms to be signed by any Subcontractor or Supplier, Contractor will obtain the same.

**12. CHANGES IN WORK, CONTRACT PRICE, CONTRACT TIMES.**

- A. AUTHORIZED CHANGES IN THE WORK. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work by a Change Order. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved, which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).
- B. UNAUTHORIZED CHANGES IN THE WORK. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents as amended, modified, or supplemented by appropriate Change Order, except in the case of an emergency as provided in Section 22 or in the case of uncovering Work as provided in Section 25(D).
- C. EXECUTION OF CHANGE ORDERS. Owner and Contractor shall execute appropriate Change Orders covering:
  - i. changes in the Work which are: (i) ordered by Owner pursuant to Section 13(A), (ii) required because of acceptance of defective Work under Section 25(H) or Owner's correction of defective Work under Section 25(I), or (iii) agreed to by the parties;
  - ii. changes in the Contract Price or Contract Times which are agreed to by the parties.
- D. NOTIFICATION TO SURETY. If notice of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times) is required by the provisions of any bond to be given to a surety, the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change. Failure to provide notice to the surety of any such change shall not exonerate the surety from its obligations under the bond.
- E. CHANGE OF CONTRACT PRICE. The Contract Price may only be changed by a Change Order. Authorized alterations in plans or quantities of work involving work not covered by unit prices in the proposal shall be paid for as stipulated in the change order authorizing such work.
- F. CHANGE OF CONTRACT TIME. The Contract Times may only be changed by a Change Order.

G. DELAYS.

- i. Where Contractor is prevented from completing any part of the Work within the Contract Times due to delay beyond the control of Contractor, the Contract Times will be extended in an amount equal to the time lost due to such delay, except for weather delays resulting in workdays lost from December 1 to April 30.
- ii. If Contractor is delayed in the performance or progress of the Work by fire, flood, epidemic, abnormal weather conditions, acts of God, acts or failures to act of utility owners not under the control of Owner, or other causes not the fault of and beyond control of Owner and Contractor, then Contractor shall be entitled to an equitable adjustment in Contract Times, if such adjustment is essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays described in this Section 13(G)(ii).
- iii. Owner shall not be liable to Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Contractor on or in connection with any other project or anticipated project.
- iv. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delays within the control of Contractor. Delays attributable to and within the control of a Subcontractor or Supplier shall be deemed to be delays within the control of Contractor.

13. REPORTING AND RESOLVING DISCREPANCIES.

A. REPORTING DISCREPANCIES.

- i. **Contractor's Review of Contract Documents Before Starting Work.** Before undertaking each part of the Work, Contractor shall carefully study and compare the Contract Documents and check and verify pertinent figures therein and all applicable field measurements. Contractor shall promptly report in writing to Owner any conflict, error, ambiguity, or discrepancy which Contractor may discover and shall obtain a written interpretation or clarification from Owner before proceeding with any Work affected thereby.
- ii. **Contractor's Review of Contract Documents During Performance of Work.** If, during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents or between the Contract Documents and any provision of any Law or Regulation applicable to the performance of the Work or of any standard, specification, manual or code, or of any instruction of any Supplier, Contractor shall promptly report it to Owner in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Section 22) until an amendment or supplement to the Contract Documents has been issued by one of the methods indicated in Section 13.
- iii. Contractor shall not be liable to Owner for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor knew or reasonably should have known thereof.
- iv. If Contractor proceeds with work that Contractor had actual knowledge or should have known that a conflict, error, ambiguity, or discrepancy existed as indicated above, correction of work constructed without such notification to Owner shall be at Contractor's expense, (except in an emergency as authorized by Section 22).

B. RESOLVING DISCREPANCIES.

- i. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the Contract Documents shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between the provisions of the Contract Documents and:

- a. the provisions of any standard, specification, manual, code, or instruction (whether or not specifically incorporated by reference in the Contract Documents); or
- b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).
- ii. Within the Contract Documents, requirements of the Agreement shall take precedence over the Specifications, which shall take precedence over the Drawings.
- iii. Within a particular Contract Document, figure dimensions on Drawings shall take precedence over general Drawings. Specific instructions or specifications shall take precedence over general instructions or specifications.

**14. DIFFERING SUBSURFACE OR PHYSICAL CONDITIONS.**

- A. NOTICE. If Contractor believes that any subsurface or physical condition at or contiguous to the Site that is uncovered or revealed either:
  - i. is of such a nature as to require a change in the Contract Documents; or
  - ii. differs materially from that shown or indicated in the Contract Documents; or
  - iii. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, within two (2) business days after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Section 22), notify Owner in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except as aforesaid) until receipt of written order to do so. Failure to provide such notice as required herein or disturbing the differing condition shall be an irrevocable waiver of Contractor's right to any form of additional compensation, be it in time or money, arising out of the differing subsurface or physical condition.

- B. OWNER'S REVIEW. After receipt of written notice as required by Section 15(A), Owner will promptly review the pertinent condition, and determine the necessity of Owner's obtaining additional exploration or tests with respect thereto.
- C. POSSIBLE PRICE AND TIMES ADJUSTMENT. The Contract Price or the Contract Times, or both, will be equitably adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:
  - i. such condition must meet any one or more of the categories described in Section 15(A); and
  - ii. with respect to Work that is paid for on a Unit Price Basis, any adjustment in Contract Price will be subject to the provisions of Section 13.

Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times if:

- i. Contractor knew of the existence of such conditions at the time Contractor made a final commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract; or
- ii. the existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such final commitment; or
- iii. Contractor failed to give the written notice as required by Section 15(A).

**15. HAZARDOUS ENVIRONMENTAL CONDITION AT SITE.**

- A. The provisions of Section 15 do not apply to a Hazardous Environmental Condition uncovered or revealed at the Site.
- B. Contractor shall not be responsible for any Hazardous Environmental Condition uncovered or revealed at the Site, which was not shown or indicated in Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work. Contractor shall be responsible for a Hazardous Environmental Condition created with any materials brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible.
- C. If Contractor encounters a Hazardous Environmental Condition or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, Contractor shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Section 22); and (iii) notify Owner (and promptly thereafter confirm such notice in writing). Owner determines the necessity to retain a qualified expert to evaluate such condition or take corrective action, if any.
- D. Contractor shall not be required to resume Work in connection with such condition or in any affected area until after Owner has obtained any required permits related thereto and delivered to Contractor written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work; or (ii) specifying any special conditions under which such Work may be resumed safely.
- E. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Section 24.
- F. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner, and its officers, directors, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Section 16(F) shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

16. **LABOR.** Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.

17. **SERVICES, MATERIALS, AND EQUIPMENT.**

- A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start-up, and completion of the Work.
- B. All materials and equipment incorporated into the Work shall be as specified or, if not specified, shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Owner, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment. Suppliers shall be deemed to impliedly warrant that their products and all component materials incorporated into them are suitable and fit for the intended use of such products and shall be free from defect in material, workmanship or design, such warranty to run to the benefit of Owner. The foregoing applies whether the products or their component materials are specified in the Contract Documents or are of Supplier's design.
- C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned,

and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

**18. SUBSTITUTES AND “OR-EQUALS”.**

- A. MATERIALS AND EQUIPMENT. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the specification or description is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or “or-equal” item or no substitution is permitted, other items of material or equipment or material or equipment of other Suppliers may be submitted to Owner for review.
- B. SUBSTITUTE CONSTRUCTION METHODS OR PROCEDURES. If a specific means, method, technique, sequence, or procedure of construction is expressly required by the Contract Documents, Contractor may furnish or utilize a substitute means, method, technique, sequence, or procedure of construction approved by Owner. Contractor shall submit sufficient information to allow Owner, in Owner’s sole discretion, to determine that the substitute proposed is equivalent to that expressly called for by the Contract Documents.
- C. OWNER’S EVALUATION. Owner will be allowed a reasonable time within which to evaluate each proposal or submittal made pursuant to Sections 19 (A) and (B). Owner may require Contractor to furnish additional data about the proposed substitute item. Owner will be the sole judge of acceptability. No “or equal” or substitute will be ordered, installed or utilized until Owner’s review is complete, which will be evidenced by either a Change Order for a substitute or an approved Shop Drawing for an “or equal.” Owner will advise Contractor in writing of any negative determination.
- D. SPECIAL GUARANTEE. Owner may require Contractor to furnish at Contractor’s expense a special performance guarantee or other surety with respect to any substitute.
- E. CONTRACTOR’S EXPENSE. Contractor shall provide all data in support of any proposed substitute or “or-equal” at Contractor’s expense.

**19. USE OF SITE AND OTHER AREAS.**

- A. Contractor shall confine construction equipment, the storage of materials and equipment, and the operations of workers to the Site and other areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and other areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.
- B. Should any claim be made by any such owner or occupant because of the performance of the Work, Contractor shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.
- C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner, and its officers, directors, partners, employees, agents, consultants and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, or any other party indemnified hereunder to the extent caused by or based upon Contractor's performance of the Work.
- D. REMOVAL OF DEBRIS DURING PERFORMANCE OF THE WORK. During the progress of the Work Contractor shall keep the Site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.
- E. CLEANING. Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from

the Site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

F. **LOADING STRUCTURES.** Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

20. **RECORD DOCUMENTS.** Contractor shall maintain in a safe place at the Site two record copies of all Drawings, Specifications, Addenda, Change Orders, and written interpretations and clarifications in good order and annotated to show changes made during construction. These record documents together with all approved Samples and a counterpart of all approved Shop Drawings will be available to Owner for reference. Upon completion of the Work, these record documents, samples, and shop drawings shall be delivered by Contractor to Owner.

21. **EMERGENCIES.** In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Owner prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If Owner determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Change Order will be issued.

22. **CONTRACTOR'S GENERAL WARRANTY AND GUARANTEE.**

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. The Contractor shall guarantee all materials and equipment furnished and work performed for a period of one year from the date of substantial completion. The Contractor warrants and guarantees for a period of one year from the date of substantial completion of the improvement that it is free from all defects due to faulty materials or workmanship, and the Contractor shall promptly make corrections as may be necessary by reason of such defects. The Owner will give notice of observed defects in accordance with the provisions of Section 25. In the event that the Contractor should fail to make repairs, adjustments, or other work, which may be made necessary by such defects, the Owner may do so and charge the Contractor the cost thereby incurred. The Contract Bond shall remain in full force and effect through the guarantee period.

B. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

- i. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or
- ii. normal wear and tear under normal usage.

C. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:

- i. observations by Owner;
- ii. payment by Owner of any progress or final payment;
- iii. the issuance of a certificate of Substantial Completion by Owner or any payment related thereto by Owner;
- iv. use or occupancy of the Work or any part thereof by Owner;
- v. any review and approval of a Shop Drawing or Sample submittal or the issuance of a notice of acceptability by Owner;
- vi. any inspection, test, or approval by others; or
- vii. any correction of defective Work by Owner.

23. **OTHER WORK AT THE SITE.**

A. **RELATED WORK AT THE SITE.** Owner may perform other work related to the Project at the Site with Owner's employees or via other direct contracts therefor, or have other work performed by utility owners. If

such other work is not noted in the Contract Documents, then written notice thereof will be given to Contractor prior to starting any such other work.

- i. Contractor shall afford each other contractor who is a party to such a direct contract, each utility owner and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work, and shall properly coordinate the Work with theirs. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of Owner and the others whose work will be affected. The duties and responsibilities of Contractor under this Paragraph are for the benefit of such utility owners and other contractors to the extent that there are comparable provisions for the benefit of Contractor in said direct contracts between Owner and such utility owners and other contractors.
  - ii. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Section 24, Contractor shall inspect such other work and promptly report to Owner in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.
- B. COORDINATION. If Owner intends to contract with others for the performance of other work on the Project at the Site, the following will be set forth in Contract Documents:
- i. the individual or entity who will have authority and responsibility for coordination of the activities among the various contractors will be identified;
  - ii. the specific matters to be covered by such authority and responsibility will be itemized; and
  - iii. the extent of such authority and responsibilities will be provided.

Unless otherwise provided in the Contract Documents, Owner shall have sole authority and responsibility for such coordination.

- C. LEGAL RELATIONSHIPS. Each other direct contract of Owner under Section 24(A) shall provide that the other contractor is liable to Owner and Contractor for the reasonable direct delay and disruption costs incurred by Contractor as a result of the other contractor's actions or inactions. Contractor shall be liable to Owner and any other contractor for the reasonable direct delay and disruption costs incurred by such other contractor as a result of Contractor's action or inactions.

## **24. TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK.**

- A. NOTICE OF DEFECTS. Prompt notice of all defective Work of which Owner has actual knowledge will be given to Contractor. All defective Work may be rejected, corrected, or accepted as provided in this Section 25.
- B. ACCESS TO WORK. Owner, its consultants and other representatives and personnel, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the Site and the Work at reasonable times for their observation, inspecting, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's Site safety procedures and programs so that they may comply therewith as applicable.
- C. TESTS AND INSPECTIONS. Contractor shall give Owner timely notice of readiness of the Work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.
- i. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or

approvals, pay all costs in connection therewith, and furnish Owner the required certificates of inspection or approval.

- ii. Contractor shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for Owner's acceptance of materials or equipment to be incorporated in the Work; or acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work. Such inspections, tests, or approvals shall be performed by organizations acceptable to Owner.
  - iii. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Owner, it must, if requested by Owner, be uncovered for observation.
  - iv. Uncovering Work as provided in Section 25(C)(iii) shall be at Contractor's expense unless Contractor has given Owner timely notice of Contractor's intention to cover the same and Owner has not acted with reasonable promptness in response to such notice.
- D. UNCOVERING WORK. If it is found that the uncovered Work is defective, Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and Owner shall be entitled to an appropriate decrease in the Contract Price.
- E. OWNER MAY STOP THE WORK. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.
- F. CORRECTION OR REMOVAL OF DEFECTIVE WORK. Promptly after receipt of notice, Contractor shall correct all defective Work, whether or not fabricated, installed, or completed, or, if the Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others). When correcting defective Work under the terms of this Section 25(F) or Section 25(G), Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.
- G. CORRECTION PERIOD.
- i. If within one year after the date of Substantial Completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents) or by any specific provision of the Contract Documents, any Work is found to be defective, or if the repair of any damages to the land or areas made available for Contractor's use by Owner or permitted by Laws and Regulations as contemplated in Section 20 is found to be defective, Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:
    - a. repair such defective land or areas; or
    - b. correct such defective Work; or
    - c. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and
    - d. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others or other land or areas resulting therefrom.
  - ii. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work

corrected or repaired or may have the rejected Work removed and replaced. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by Contractor.

- iii. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.
  - iv. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this Section 25(G), the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.
  - v. Contractor's obligations under this Section 25(G) are in addition to any other obligation or warranty. The provisions of this Section 25(G) shall not be construed as a substitute for, or limitation upon, or a waiver of the provisions of any applicable statute of limitation or repose.
- H. ACCEPTANCE OF DEFECTIVE WORK. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) attributable to Owner's evaluation of and determination to accept such defective Work and the diminished value of the Work to the extent not otherwise paid by Contractor pursuant to this sentence. If any such acceptance occurs prior to final payment, a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work, and Owner shall be entitled to an appropriate decrease in the Contract Price, reflecting the diminished value of Work so accepted.
- I. OWNER MAY CORRECT DEFECTIVE WORK.
- i. If Contractor fails within two (2) business days of a written notice from Owner, or such longer time as may be stated in such notice, to correct, or take reasonable steps to commence to correct, defective Work or to remove and replace, or take reasonable steps to remove and replace, rejected Work as required by Owner in accordance with Section 25(F), or if Contractor fails to perform the Work in accordance with the Contract Documents, Owner may correct or remedy any such deficiency. In such case an appropriate Change Order shall be issued deducting from payments then or thereafter due the Contractor the reasonable costs arising out of or related to the investigation and correction of correcting such deficiencies, including Owner's attorneys' and consultants' fees and expenses and other expenses made necessary by such default, neglect or failure. If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. The Contractor irrevocably designates the Owner, as the Contractor's attorney-in-fact to execute the Change Orders provided for in this Subparagraph.
  - ii. In exercising the rights and remedies under this Section 25(I), Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Site, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, and Owner's other contractors access to the Site to enable Owner to exercise the rights and remedies under this Paragraph.
  - iii. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by Owner in exercising the rights and remedies under this Section 25(I) will be charged against Contractor, and a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work; and Owner shall be entitled to an appropriate decrease in the Contract Price. Such claims, costs, losses and damages will include but not be limited to all costs

of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

- iv. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Section 25(I).

**25. SUSPENSION OF WORK AND TERMINATION.**

A. OWNER MAY SUSPEND THE WORK. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by notice in writing to Contractor. Contractor shall resume the Work on the date so fixed.

B. OWNER MAY TERMINATE FOR CAUSE.

- i. The occurrence of any one or more of the following events will justify termination for cause:
  - a. Contractor's failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Program of Operation and Progress Schedule established under Section 11(D) as adjusted from time to time pursuant to Section 11(D));
  - b. Contractor's disregard of Laws or Regulations of any public body having jurisdiction;
  - c. Contractor's disregard of the authority of Owner; or
  - d. Contractor's violation in any substantial way of any provisions of the Contract Documents.

ii. If one or more of the events identified in Section 26(B)(i) occur, Owner may, after giving Contractor (and surety) three (3) business days' written notice of its intent to terminate the services of Contractor:

- a. exclude Contractor from the Site, and take possession of the Work and of all Contractor's tools, appliances, construction equipment, and machinery at the Site, and use the same to the full extent they could be used by Contractor (without liability to Contractor for trespass or conversion),
- b. incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and
- c. complete the Work, as Owner may deem expedient.

Such termination shall be effective as of the date stated in the termination notice provided to Contractor.

iii. If Owner proceeds as provided in Section 26(B)(ii), Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Owner arising out of or relating to completing the Work, such excess will be paid to Contractor. If such claims, costs, losses, and damages exceed such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be incorporated in a Change Order. When exercising any rights or remedies under this Section Owner shall not be required to obtain the lowest price for the Work performed.

iv. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue. Any retention or payment of moneys due Contractor by Owner will not release Contractor from liability.

C. OWNER MAY TERMINATE FOR CONVENIENCE.

- i. Upon three (3) business days' written notice to Contractor, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. Such termination shall be effective as of the date stated in the written notice. In such case, Contractor shall be paid for (without duplication of any items):

- a. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;
  - b. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses.
- ii. Contractor shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.
  - iii. Contractor shall require similar provisions contained in Section 26(C) in each of its subcontracts to protect Contractor from claims by Subcontractors arising from the Owner's termination for convenience, or to minimize claims by such subcontractors. The remedy provided to Contractor under this Section 26(C) shall be the Contractor's sole remedy in the event of termination for convenience by Owner.

D. CONTRACTOR MAY STOP WORK OR TERMINATE.

- i. If, through no act or fault of Contractor, (i) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (ii) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon seven (7) days' written notice to Owner, and provided Owner does not remedy such suspension or failure within that time, terminate the Contract and recover from Owner payment on the same terms as provided in Section 26(C).
- ii. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven (7) days after written notice to Owner, stop the Work until payment is made of all such amounts due Contractor, including interest thereon.

26. LIMITATION ON OWNER'S RESPONSIBILITIES. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

27. LIMITATION ON LIABILITY. The Owner's total liability under this Agreement shall be limited to the amount set forth in the Fiscal Officer's certificate accompanying this Agreement. Under no circumstances will the elected officials, officers, employees, board members, or agents of the Owner be personally liable for any obligations or claims arising out of or related to this Agreement.

28. GENERAL.

- A. MODIFICATION. No modification or waiver of any of the terms of this Agreement or of any other Contract Documents will be effective against a party unless set forth in writing and signed by or on behalf of a party, which in the case of the Owner will require the signature of the Owner or the individual authorized by the Owner to execute such documents on behalf of the Owner. Under no circumstances will forbearance, including the failure or repeated failure to insist upon compliance with the terms of the Contract Documents, constitute the waiver or modification of any such terms. The parties acknowledge that no person has authority to modify this Agreement or the other Contract Documents or to waive any of its or their terms, except as expressly provided in this paragraph.
- B. ELECTRONIC DATA. Copies of data furnished by Owner to Contractor or Contractor to Owner that may be relied upon are limited to the printed copies (also known as hard copies). Files in electronic media format of text, data, graphics, or other types are furnished only for the convenience of the receiving party. Any conclusion or information obtained or derived from such electronic files will be at the user's sole risk. If there is a discrepancy between the electronic files and the hard copies, the hard copies govern.
- C. ASSIGNMENT. The Contractor may not assign this Agreement without the written consent of the Owner, which the Owner may withhold in its sole discretion.
- D. LAW AND JURISDICTION. All questions regarding the validity, intention, or meaning of this Agreement or any modifications of it relating to the rights and obligation of the parties will be construed and resolved

under the laws of the State of Ohio. Any suit, which may be brought to enforce any provision of this Agreement or any remedy with respect hereto, shall be brought in the Licking County Common Pleas Court, Licking County, Ohio, and each party hereby expressly consents to the jurisdiction of such court.

- E. CONSTRUCTION. The parties acknowledge that each party has reviewed this Agreement and the other Contract Documents and voluntarily entered into this Agreement. Accordingly, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party will not be employed in the interpretation of this Agreement, the other Contract Documents, or any amendments or exhibits to it or them.
- F. APPROVALS. Except as expressly provided herein, the approvals and determinations of the Owner will be subject to the sole discretion of the respective party and be valid and binding on the Contractor, provided only that they be made in good faith, i.e., honestly. If the Contractor challenges any such approval or determination, the Contractor will have the burden of proving by clear and convincing evidence that it was not made in good faith.
- G. PARTIAL INVALIDITY. If any term or provision of this Agreement is found to be illegal, unenforceable, or in violation of any laws, statutes, ordinances, or regulations of any public authority having jurisdiction, then, notwithstanding such term or provision, this Agreement will remain in full force and effect and such term will be deemed stricken; provided this Agreement will be interpreted, when possible, so as to reflect the intentions of the parties as indicated by any such stricken term or provision.
- H. REFERENCE STANDARDS. Reference to standards, specifications, manuals, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard, specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Agreement if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.
- I. COMPLIANCE WITH LAWS AND REGULATIONS. The Contractor, at its expense, will comply with all applicable federal, state, and local laws, rules, and regulations applicable to the Work, including but not limited to Sections 153.59 and 153.60 of the Ohio Revised Code, which prohibit discrimination in the hiring and treatment of employees, with respect to which the Contractor agrees to comply and to require its subcontractors to comply.
  - i. NON-DISCRIMINATION. Contractor agrees:
    - a. That in the hiring of employees for the performance of Work under this Agreement or in any subcontract, neither the Contractor, subcontractor, or any person acting on behalf of either of them, shall by reason of race, creed, sex, handicap, military status or color, discriminate against any citizen of the state in the employment of labor or workers who are qualified and available to perform the Work to which the employment relates.
    - b. That neither the Contractor, subcontractor, nor any person acting on behalf of either of them, shall, in any manner, discriminate against or intimidate any employee hired for the performance of Work under this Agreement on account of race, creed, sex, handicap, military status or color.
    - c. That there shall be deducted from the amount payable to the Contractor by the Owner under this Agreement a forfeiture of twenty-five dollars (\$25.00) as required by Ohio Revised Code Section 153.60 for each person who is discriminated against or intimidated in violation of this Agreement.
    - d. That this Agreement may be canceled or terminated by the Owner and all money to become due hereunder may be forfeited for a second or subsequent violation of the terms of this section of this Agreement.
- J. JOB MEETINGS. The Contractor or one of its representatives with authority to bind the Contractor will attend job meetings as provided in the Specifications and ensure that its Subcontractors also hold regular job meetings at which safety issues and job matters are discussed as these relate to the Work being performed. The Specifications define the agenda for the meetings and designate responsibilities for taking minutes and maintaining records of such meetings. Job meetings include, but are not limited to, pre-construction meetings, weekly job meetings, weekly safety tool box meetings, and monthly safety meetings.
- K. PROPERTY TAX AFFIDAVIT. The Contractor's affidavit given under Section 5719.042, Ohio Revised Code, is incorporated herein.

- L. PARTNERING. Contractor agrees that it will participate, as part of the Contract Sum, in any partnering sessions scheduled by Owner.
- M. STEEL PRODUCTS MADE IN THE UNITED STATES. Domestic steel use requirements as specified in Ohio Rev. Code § 153.011, <https://codes.ohio.gov/ohio-revised-code/section-153.011>, apply to this project.
- N. OHIO PREFERENCE. In accordance with Ohio Rev. Code § 164.05 (A)(6), to the extent practicable, the Prime Contractor and subcontractor shall use Ohio products, materials, services, and labor in connection with this project.
- O. DRUG-FREE WORKPLACE PROGRAM. In accordance with Ohio Rev. Code § 153.03 and during the life of this project, the Prime Contractor and all its Subcontractors that provide labor on the Project site must be enrolled in and remain in good standing in the Ohio Bureau of Worker’s Compensation (“OBWC”) Drug-Free Workplace Program (“DFWP”) or a comparable program approved by the OBWC.
- P. OHIO ETHICS LAW. The Prime Contractor agrees that it is currently in compliance and will continue to adhere to the requirements of Ohio Ethics law as provided Ohio Rev. Code Sections 102.03 and 102.04.
- Q. ENTIRE AGREEMENT. This Agreement and the other Contract Documents constitute the entire agreement among the parties with respect to their subject matter and will supersede all prior and contemporaneous, oral or written, agreements, negotiations, communications, representations, and understandings with respect to such subject matter, and no person is justified in relying on such agreements, negotiations, communications, representations, or understandings.

**IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their properly authorized representatives and agree that this Agreement is effective as of the date first set forth above.**
